

Depave Mount Hood Community College May 19, 2018 9:00 am to 1:00 pm!

Join the **APWA Water Resource Committee** in giving back to the community while improving water quality in the Sandy River Basin.

Through Depave, we will pull up pavement in the **MHCC Main Parking lots E, F, G, and H** to install rain gardens to filter pollution. This is part of a larger stormwater retrofit project that Otak is designing for the Sandy River Watershed Council.

All ages are welcome, no experience needed. Wear long pants and close-toed shoes required, and bring a water bottle. We will provide the necessary tools, gloves, safety gear, and lunch. There will be activities for kids, and we will be located just down the street from the Gresham Saturday Market.

Where: Mt. Hood Community College, 26000 SE Stark St, Gresham, OR 97030

Please RSVP to and Register with the link to the right:

Shannon Williams, 503.949.4659, Shannon.williams@wsp.com **Or**
Ashley Cantlon 503.415.2306, Ashley.cantlon@otak.com
