

CONSTRUCTION PROGRAM MANAGER

CAREER OPENING

Clark Regional Wastewater District (the District) seeks a Construction Program Manager to join its leadership team.

The Construction Program Manager:

- Planning, coordination, budget and management of the District's construction work
- Leadership of field inspection staff
- Operates independently and with minimal supervision as the principal construction representative for the District

KEY RESPONSIBILITIES

- Develops, implements and monitors the progress of the construction program and individual projects (capital and development related)
- Supervises technical and professional staff on a project or continuing basis
- Manages project documentation, including submission of required warranties, guarantees, lien releases, and any other necessary documents required by contract
- Provides design and regulatory interpretations considering technical, regulatory and contractual requirements

QUALIFICATIONS

Any combination of education and experience that provides the knowledge, skills and abilities to successfully perform the job. Typically these can include:

- A Bachelor's degree in Civil Engineering or construction-related field
- Five years of construction management work experience in a heavy civil-construction environment
- A current CCM certification
- Two years of supervisory and leadership experience
- Demonstrated knowledge of and ability to manage compliance with Federal, State and local safety regulations

COMPENSATION & BENEFITS

The District provides employees the resources to grow professionally and stay happy and healthy. Compensation and benefits include:

- 100% employer-paid medical, dental and vision (employee and family)
- Paid vacation and sick leave
- Public Employee Retirement System (PERS)
- Flexible Spending Account (FSA) for medical and dependent care
- Education assistance program
- Training and development
- Basic life insurance
- Long-term disability

Starting salary range: \$7,086 to \$8,102 per month, depending on qualifications.

ABOUT THE DISTRICT

The District's mission: Provide customer-focused, professional wastewater services in an environmentally and financially responsible manner.

Formed in 1958, the District is among the largest in Washington State, providing reliable, affordable service to more than 100,000 people. The District supports economic development while protecting public health and the environment.

Ensuring residents have access to high-quality sewer service at competitive and stable rates is important. The District achieves this through proactive planning, sound financial management, and a regional approach to governance and service delivery. Recent initiatives such as the Discovery Corridor Wastewater Transmission System (DCWTS), Discovery Clean Water Alliance and City of Ridgefield Collection System Transfer have not only supported local economic growth, but also helped to ensure low and consistent rates for our customers well into the future.

The District's unique approach to serving the community has led to recognition with several local, regional and national awards and accreditation:

- *Vancouver Business Journal* inaugural Catalyst Award in 2015 for the DCWTS.
- Distinguished Budget Presentation Award, 2016, and Certificate of Achievement for Excellence in Financial Reporting, 1988-2016, by GFOA
- Governor's Smart Communities Award in 2013 for formation of the Alliance
- Accredited Agency by APWA for leadership in public works in 2005, 2009, and 2015

WHY CONSIDER JOINING CLARK REGIONAL WASTEWATER DISTRICT?

Here you'll find:

- **A professional utility.** Devoted to serving a rapidly expanding customer base, the District invests in employees and rewards their service and contributions.

- **A great place to work and live.** You'll find a healthy work/life balance, generous paid time-off program, and robust benefits — along with affordable homes, a variety of outdoor activities, impressive school districts, and a foodie's paradise nearby. It's a quick skip across the river to Portland, and an hour drive to the mountains or the coast.
- **A passion for the community.** Whether growing food together, presenting at public safety fairs, or participating in local parades, the District strives to give back and engage the community.
- **Support for healthy communities.** Proud to support economic development along with protecting public and environmental health.
- **The chance to make a difference.** Our workplace is big enough to make things happen, but small enough to celebrate the contributions of each employee.
