

**John Paul Morton**  
*Lane Community College*  
*Merle Langley Scholarship*

I am pursuing my Associate of Arts Oregon Transfer degree as an engineering transfer student at Lane Community College and plan to transfer directly to Oregon State University's Civil Engineering Pro School next fall. I plan to complete my Bachelor of Science in civil engineering and later work towards my master's in that field.

When I'm not studying, I like to work on my family's small dairy farm, dance ballet and perform with local dance groups in Eugene/Springfield, and read history and science fiction. I am honored to be a recipient of an APWA scholarship and will continue to seek excellence in the civil engineering field.
