

# Savannah Hensley

*Lane Community College*

*Merle Langley Scholarship*

First and foremost, thank you to the APWA Scholastic Board for choosing me for the Merle Langley Scholarship! It will help cover my textbook and tuition fees at Lane Community College here in Eugene.

I am currently attending Lane Community College where I am taking prerequisites to transfer to Oregon State University. I hope to earn first my bachelor's degree in civil engineering and then my master's in water resources engineering.

I am passionate about watershed hydrology, green stormwater infrastructure, and water sustainability. When not studying, I enjoy playing the piano, exploring the National Parks, and traveling.
