

**Emily Diaz-Gunning**  
*University of Portland*  
*Civil Engineering Scholarship*

My name is Emily Diaz-Gunning and I am currently a junior at University of Portland working towards an undergraduate degree in civil engineering.

After I graduate, I plan to either start my career, or attend graduate school for a Master's Degree in structural engineering. My goal for my future career as an engineer is to better the environment and discover new techniques to do so.

I would like to express my gratitude to APWA for helping me pave my way toward my future goals.
