

# Changing Your Oregon APWA Member Information

Every member of Oregon APWA has a member account with National APWA. Oregon APWA receives member information – including email addresses – from National. This information allows Oregon APWA to contact members – typically by email – with notifications about upcoming conferences and educational trainings, monthly luncheons and other member services.

## ***It's easy (well, not too hard) to change your member information***

If you need to change your member information because of a change in employment, address, phone or email, follow these steps:

1. Go to [www.apwa.net](http://www.apwa.net).
2. On the National APWA home page, click on “sign in” (near the top of the page)
3. Sign in by entering your UserName and Password; alternately, create an account (note: you will need your APWA membership/ID number to create a member account)
4. Once you’ve signed in, click on MYAPWA (left side of navigation bar), then My APWA Connect
5. From the Getting Started options in the left column, click on 1 Update Your Profile
6. Scroll down the Edit My Profile page to My Email Addresses; change/correct as appropriate.
7. While you’re on this page, check your other information to make sure it’s correct
8. Be sure to save any changes you’ve made

And that’s it! By keeping your contact information up to date you’ll maximize your Oregon APWA membership benefits.

Questions, comments, or concerns? Contact Oregon APWA at [OregonAPWA@gmail.com](mailto:OregonAPWA@gmail.com).
