

2018 FALL CONFERENCE

The call for presentations for the 2018 Oregon Chapter of APWA Fall Conference is now open! The Fall conference is taking place October 15 - 18, 2018 in Canyonville.

Abstracts for technical session presentations are due June 25, 2018.

To provide a diverse conference program, we are targeting approximately two (2) to four (4) sessions from each of the following categories:

- Emergency Management
- Leadership and Management
- Public Works Technology
- Sustainability
- Transportation
- Water Resources
- Water / Wastewater
- Local topics (which could fall into any category)

Please submit your speaker and topic information through the following online form: <https://goo.gl/forms/RQ47IRaOyAwVL6692>

Once the June 25 deadline has passed, the submissions will be reviewed by the Chapter technical committees and you will be notified of the acceptance of your abstract in late July.

While this is a competitive selection, please don't be shy in providing more than one presentation, it is great to have a variety topics to consider.

If you have any questions, please contact Gordon Munro at gordon.munro@tetrattech.com
