Speaker Gift	\$460.00
Delegate \$10 Registration Donations	\$1,240.00
Dan Boss Scholarship	\$520.00
	\$7,704.00

Record Numbers in Canyonville!

The 2018 Fall Chapter Conference drew record numbers for Canyonville. For the first time **at this location**, we had over 150 Delegates in attendance, 56 Exhibit booths and 96 exhibit representatives! Although casinos are not a location of choice by attendees, Canyonville is. We enjoyed extremely lovely weather, hours of networking time, lots of terrific presentations and exhibits, and of course, the Cheetah! The fall conference was a great success!

The pre-conference kicked off with the Golf Tournament on Monday. Tuesday morning put a little "wild" in the lives of tour goers, as they enjoyed a firsthand view of the renowned Wildlife Safari. Other Tuesday morning attendees headed out for a round (or two) of Disc Golf, while others learned about RFPs at the pre-conference workshop.

The kickoff to the conference began with a delicious luncheon and keynote address by Lizza Robb. Attendees gathered in the exhibit hall after the afternoon sessions for drinks, appetizers, networking, and a visit from the Ambassador Cheetah. A great evening for everyone! The conference committee works diligently to put together a fun and educational week for everyone. Feedback provided shows that the tragedy of Umpqua Community College, just three short years ago, is still in the hearts of many. It was a riveting and emotional keynote address by Brian Prawitz.

As the conference began to wind down in the final hours, the annual awards ceremony brought in recipients from all over Oregon. Once again, the chef put together a delicious menu and tasty desserts. The closing luncheon revealed the home for Gizmo the next few months, as it went home with the Chairman for the First Timers, Fred Wismer. Maybe next time Doug Singer! You have a few months to revamp your campaigning strategies.

We thank attendees that provided feedback through the evaluations. This information is compiled, reported, and provided to the APWA-OR Board of Directors to assist in planning future conferences. Your voice does not go unheard. Over the years, your comments have lead to several changes in the program including meals that are offered to accommodate multiple diets, having a completely interactive registration website that allows attendees the ability to manage their registration 24/7, changing the registration brochures to a website format with pages of information for Delegates, Exhibitors, and Sponsors, adding forms to the already printed Onsite Program rather than additional paper in your packets, and we have put together a better unified program between Delegates and Exhibitors...just to name a few.
