

Diana Avila

Southwestern Community College Engineering Emphasis Program

My name is Diana Avila. I was born in San Jose, Costa Rica, and came to the United States when I was 6 years old. I speak both Spanish and English, and have a younger brother. I have a daughter who is really bright, and I try to teach her everything that I can. I have a mother that has always helped me on everything and anything. She supports me and is the reason that I am where I am. My dad has always been a great example for me and my brother. I owe him a lot, because he as well has helped shape who I am.
