

# John Edwards

## ***Portland State University Civil Engineering Scholarship***

My name is John Edwards and I'm 32 years young. I raise two wonderful teenage boys and reside in Gearhart, Oregon. I'm currently finishing up my junior year in the Civil Engineering program at Portland State University. I expect to graduate in 2014 and continue the path towards becoming a licensed Professional Engineer. I plan to continue studies while working to obtain a Master's Degree in Science.

I attended the 2012 Fall Conference for APWA at Salishan Resort, which was a wonderful opportunity to learn and network with local professionals. I greatly appreciate the help from APWA with the scholarship and all of the support I have received from the members. I hope to contribute to the scholarship foundation and volunteer in some capacity in the future as a means of further expressing my gratitude.
