

Spencer Wambolt

Umpqua Community College

Thank you for the scholarship for the 2010-2011 school year. I will be graduating with an associate degree in spring of 2011 in the engineering/surveying program. I look forward to having a career that I will enjoy, and I plan on furthering my education as I can.

I was recently laid-off due to the economy, and school felt like the right option for me. I appreciate the help from APWA in regards to furthering my education.

Sincerely,

Spencer Wambolt
